Stay up-to-date and FOLLOW our ELE Blog which will show you other ways to collect our ELE Medals!

ABOUT THIS BOOK

This book helps your children build better fluency through pictures, words and audio. Ideal for children in their first one to three years of learning English, each picture is described in 4 levels with 1 being the easiest and 4 being the hardest. This means students of all levels in your class can participate!

How to use:

Simply load the .exe file from your computer and use with a projector and speakers in class! The bigger the better!

Students can try to answer questions about the pictures, listen, repeat as best they can and use the keywords as support!

You can even use this at home with your children!
